Helping an Anxious World discover the Bible

Stability

Biblehelp.online is a crisis intervention website reaching people searching the internet for help to cope with daily life and anxiety. Anxiety and social phobia are the most common group of 12-month mental disorders in Australia with higher rates of mental disorder in younger people. (Australian Census 2021). Through internet search ads, Biblehelp is proactively bringing the power of God's Word and the intervention of the Holy Spirit to those seeking answers to their anxiety.

Visitors to the website are giving lots of encouraging feedback with four out of every five saying our website helped them. "I've been suffering from anxieties at this moment until i found this page and it really works." Anon 13/12/2022

"Go out to the highways and hedges and compel people to come in, that my house may be filled" Luke 14:23
